

FAHNTOSH Enterprises

Fahntoosh Enterprises LLC is an Austin-based, female-owned company made up of event specialists.

We are live music enthusiasts who want to make the music scene accessible and enjoyable for everyone!

We can provide a wide variety of other event services, on both large and small scales. We specialize in providing on-site ADA services for patrons with disabilities at large, outdoor events. However we are also well-versed in information booth, lost & found, & box office management, RFID/scan supervision, as well as volunteer program & staff management, training and supervision.

ADA ACCESS PROGRAMS COORDINATION (SPECIALIZING IN SERVICES FOR PATRONS WITH DISABILITIES)

This is where our true expertise lies. All of the Fahntoosh Enterprises staff have extensive experience working with people with disabilities. Check out our "About page" to learn more about us.

- Staffed access center
- Staffed viewing platforms
- Materials in Braille and large print
- ADA compatibility consulting services
- Contract ASL interpreters for the deaf/hard of hearing
- Service animal coordination

INFORMATION BOOTH / LOST & FOUND MANAGEMENT

- Answer questions and get patrons oriented to the site
- Reunite patrons with their stuff!
- Crowdfind is our preferred Lost&Found software provider

VOLUNTEER PROGRAM AND STAFF MANAGEMENT

Managing people is what we do! Crews of as few as three people to massive organizations of 1000s of staff - we're experienced with it all.

- Scheduling & organization of personnel
- Communication before, during, and after the event
- Training of staff on-site and/or online in advance

RFID / SCAN MANAGEMENT

Fahntoosh Enterprises has supervised all Scan Staff at all Bonnaroo gates and entrances since 2013.

- On-site 24-hour supervision of 140+ staff at all gates
- Troubleshoot scan equipment
- Ensure smooth and safe flow of crowds (ingress & egress)
